CARING HANDS
ANNUAL GIVING REPORT

A MESSAGE FROM JERRY DEAN WEBER

Presbyterian Homes of Georgia Director of Planned Giving

For almost 75 years

residents, family, staff, trustees, donors, churches, businesses, and foundations have joined their hearts and hands to care for those residents and employees at Presbyterian Homes who may need a little extra help.

We serve and care for those who live in our HUD communities whose lives are enhanced by the health, wellness, food, transportation, and chaplaincy programs we offer. Each of these are unreimbursed services we provide for residents on federal housing assistance so that they may have full and equal access to the exceptional services described in our mission statement.

On behalf of all those we serve in our *Caring Hands* family, thank you.

We serve and care for those in our life plan communities who may find themselves one day lacking the funds to cover the cost of their healthcare needs.

And we serve and care for our employees who need assistance with emergency expenses, medical bills, funeral costs, or other unexpected life events. They care for our residents, and we care for them in their times of need. We are deeply grateful to you for your generosity and trust in us and our commitment to the tradition of excellent care that is at the heart of Presbyterian Homes. On behalf of all those we serve in our *Caring Hands* family, thank you. You are the caring hands that enhance the quality of life for our residents.

Grace and peace,

Jerry Dean Weber
Director of Planned Giving

The story told in this *Caring Hands* Annual Report is really the story of your generosity.

The spirit of caring you practice and your support in all its forms are what help us to provide compassionate care to our residents. Your gifts ensure that all of our residents have access to the exceptional services we promise in our mission statement.

For more than seven decades, Presbyterian Homes has set the standard for senior living in Georgia. With your support, we will carry that commitment into our future.
