Your gift to *Caring Hands* provides financial security to residents of Presbyterian Homes senior living communities. Your generosity is an expression of stewardship which ensures that our residents never face financial insecurity.

Inspired by the poignant question below, we opened our first facility in Quitman in 1949. Today, we serve more than 1,200 senior adults in six communities around the state. *Caring Hands* provides financial assistance for medical care, transportation, food, and other needs.

Will you consider a financial gift to make sure that question – “Is there a place for me?” – never goes unanswered? We and our residents will be eternally grateful.

A SIMPLE QUESTION LED TO A POWERFUL MISSION.

Does our church have a place which cares for older members who have no family and who do not want to be a burden on their friends?
